Facials

One hour customized facial - \$75.00

Enjoy a relaxing one hour facial customized for your skin type.

Add on a Microdermabrasion for \$50.00

Microdermabrasion

Microdermabrasion \$75.00 – is a treatment that improves wrinkles, skin texture and color by removing the topmost layer of skin leaving it more supple and vibrant. Microdermabrasion also stimulates the elastic tissue beneath the surface of the skin resulting in a healthier and firmer appearance. It is non-invasive, pain-free and requires no “down-time” after treatment.

Package of 7 Microdermabrasion treatments - \$405.00

Chemical Peels

Glycolic Peel \$75.00 – is an excellent non-surgical minimally invasive procedure that can treat fine facial wrinkles, acne, uneven pigment, and skin dryness.

Salicylic Peel \$75.00 – exfoliates the skin while decongesting the pores and reducing irritation. This peel is excellent for acne prone skin.

Lactic Peel \$75.00 – removes dead skin cells, and promotes softer and more radiant skin. Ideal for sun damaged skin.

Obagi Blue Peel / TCA Peel (price varies, consult needed) – is a trichloroacetic acid (TCA) peel to rejuvenate skin and eliminate fine lines, scarring, and pigmentation problems.
